

Sad Americans to Observe Thanksgiving

By THE ASSOCIATED PRESS

With heavy hearts and prayerful resolve, Americans prepare to observe Thanksgiving Day, while still mourning the death of President John F. Kennedy.

"Our president's death has created an empty place at every dinner table," said a New Yorker busily shopping for Thursday's dinner.

The "empty place" is surely to be more keenly felt at Hyannis Port, Mass., where the Kennedy family will gather.

Mrs. Kennedy, the President's widow, has announced plans to fly to Hyannis Port Thanksgiving Day with her two children.

Perhaps the nation's mood was best summed up by the Rev. John W. Regan, a curate at St. Francis Xavier church in Hyannis Port, when he said last Sunday:

"Here in America, this Thanksgiving will be different. This year, as the pilgrims did, we will turn again to God. We have a great deal to be thankful for—the men who fought and died for us in the hot wars and in the cold war. We should be grateful for the great men God has given us."

President Johnson has urged that the Thanksgiving proclamation issued by President Kennedy Nov. 5 be read in churches Thursday.

The proclamation said in part:

"On that day let us gather in sanctuaries dedicated to worship and in homes blessed by family affection to express our gratitude for the glorious gifts of God; and let us earnestly and humbly pray that He will continue to guide and sustain us in the great unfinished tasks of achieving peace, justice and understanding among all men and all nations and of ending misery and suffering wherever they exist."

President and Mrs. Johnson plan to have a family dinner at their home in Washington. Their daughters, Lynda Bird and Lucy will be there and so will Lynda's fiancé, Bernard Rosenberg.

In Massachusetts, the traditional Pilgrim progress observance at Plymouth will pay tribute to two assassinated presidents—Kennedy in a special memorial service, and Lincoln, on the 100th anniversary of his proclamation making Thanksgiving a national holiday for the first time.

Bonds Approved at Texarkana

TEXARKANA, Ark. (AP) — Texarkana residents approved \$98 to 39 Tuesday a \$1 million bond issue to finance further expansion of North American Car Corp.—on the same day the existing plant was dedicated.

Rep. Oren Harris, D - Ark., dedicated the plant, saying it is an example of what the late President John F. Kennedy meant when he said the nation must move ahead.

The bonds, issued under Act 9, carry no tax obligation.

Last February, Texarkana voters passed a \$5 million bond issue to finance original expansion of the firm, but it sold only \$3.2 million worth of bonds.

The unused authorization made necessary the Tuesday election.

Caroline Is Six Years Old Today

By FRANCES LEWINE

WASHINGTON (AP) — Today is Caroline Kennedy's sixth birthday. She had expected to have an ice cream-and-cake party in her White House home for the third year in a row.

She could have expected her smiling, handsome father to come and watch the fun for at least a moment. He always did.

She probably had her party dress all ready. White House emissaries had bought the party favors.

Five days ago, Caroline and her brother John Jr., were suddenly taken to their grandmother's Auchincloss' for dinner.

They were back in their own beds at 4:30 a.m. when a Navy ambulance pulled up to the big front portico of their home amid television floodlights and their mother came up the steps with blood spattered on her clothes.

Next day, White House spokesmen said, Caroline and her brother learned the news that meant their father would come to no more of their happy parties.

Their mother took them by the hand into the huge East Room where they had watched dancing and receptions and entertainment and where their father had stood stiffly in the doorway while the scarlet-coated Marine Band they loved played "Hail to the Chief."

This time, there were black ribbons on the huge, glittering crystal chandeliers and a big coffin stood in the center of the room.

Their mother took them by the hand—in their pale blue coats, red shoes and white socks—to ride in a long parade to the Capitol. When they climbed the long steps with her, the coffin was there again draped with a big American flag.

Next day they drove with their nurse and met their mother at the church and went inside with her to listen to prayers and speeches. The coffin there again.

After darkness fell Tuesday night, Mrs. Kennedy took Caroline to her father's grave for the first time.

For about 10 minutes they stood alone in the soft blue glow of the flickering eternal light, and then went home—a home they would soon leave.

Agriculture in U.S. Key to Economy

America's agriculture is big, broad and basic to the welfare and economy of more than 100 million people in this country, declared the featured speaker before Hope Kiwanis club yesterday.

He was Orville A. Childs, Director of Agriculture, Southern State College of Magnolia, and the occasion was Farm-City Week in which a number of outstanding local farmers are annual guests of the Kiwanis.

Launching into his speech, he told of the revolution in American agriculture the past 20 years and of its tremendous expansion in livestock, broilers, eggs, soybeans, timberland production as well as in other farm commodities.

"Eight percent of our total population is engaged in farming. We are producing on a mass basis which amounts to around \$80 billion of dollars annually in production and processing."

"This compares with Russia's 40 percent of population engaged in farming, and they can barely supply their own needs," the speaker pointed out. He cited many figures to show that mass production with latest machinery and methods and brain-power had replaced much "sweat of the brow" on the farms.

Harry Hawthorne and Herbert Griffin arranged this year's program in which Mr. and Mrs. Autry Wilson were honored as Farm Family of the Year and were presented Hope Star's annual plaque by Haskell Jones, acting as the newspaper's spokesman and also in his capacity as chamber of commerce president.

Wallace Byers and Miss Carolyn Beck were introduced as champion 4-H boy and girl. Mrs. Ned Purdie was introduced as president of the county demonstration club.

Some 25 or 30 other outstanding farm folks were present.

No Resignations Are Turned In

WASHINGTON (AP) — The White House said Tuesday that nobody in the late President John F. Kennedy's staff has handed in a resignation to President Johnson.

The new President, the White House said, is standing on his word that he is leaving to each of Kennedy's former top assistants to determine whether he wishes to continue to serve the incoming administration.

Oswald Applied

EAST PATERSON, N.J. (AP) — The American Civil Liberties Union says that 18 days before President Kennedy was slain, Lee Harvey Oswald, his accused assassin, applied for ACLU membership.

The organization said a clerk came across Oswald's application Tuesday among 351 others. None had been entered on membership lists, the ACLU said.

Urges Reading of Last Proclamation

WASHINGTON (AP) — President Johnson today urged that the Thanksgiving proclamation of John Fitzgerald Kennedy be read in the nation's churches Thursday as a memorial to the slain President.

Johnson issued a brief statement noting that the proclamation was among Kennedy's last messages to his fellow countrymen.

He asked that churches, newspapers, radio and television stations include the proclamation in their recognition of the holiday.

Platform Is Sent Up Into Space

By HOWARD BENEDICT
AP Aerospace Writer

CAPE CANAVERAL, Fla. (AP) — An interplanetary monitoring platform — IMP — soared through space today on a radiation-sensing mission vital to the lives of travelers to the moon.

IMP's prime assignment is to determine if satellite instruments can forecast solar flares on the sun. Flares spew torrents of radiation into interplanetary space.

As IMP shot skyward Tuesday night, another Cape Canaveral launch crew made preparations to fire the high-energy Atlas-Centaur space rocket on an orbiting development flight between 10 a.m. and 4 p.m. (EST) today.

IMP is a step toward a U.S. goal of foolproof solar flare forecasting before 1968-69 when the first three-man project Apollo teams are to take off for the moon. During these years, flare activity will be at a peak, with explosions possibly occurring as frequently as every 20 minutes.

A 90-foot tall Delta rocket propelled IMP on its voyage at 9:30 p.m. Project officials reported radio data indicated the three-stage rocket performed flawlessly.

City Won't Permit Sale of Fireworks

Chief Jack Brown says he has had a number of questions this year concerning the sale and storage of fireworks within the downtown area. For years there has been an ordinance against the sale and storage of fireworks in the fire zone and such storage is in violation of the National Fire Prevention Code upon which the fire insurance rates are based. Under certain conditions, the sale of fireworks has been permitted in the past.

This year, after warning from the Rating Bureau concerning this practice, the Board of Directors voted to prohibit the sale or storage of fireworks within the fire zone, which covers the entire downtown area.

Persons desiring to sell fireworks will have to arrange to store and sell them in an area outside the downtown section, and Chief Brown suggested that anyone interested in handling fireworks should check with him or the fire chief before setting up a place to handle fireworks.

Texarkana Plans Desegregation

TEXARKANA, Ark. (AP) — The Board of Directors of the Texarkana, Ark., School District has set September, 1964 as the date for the first steps in school desegregation.

The board issued a policy statement, citing a "legal obligation" to all students, but advanced no details of a desegregation plan.

The board said applications have been received from Negroes for enrollment in all-white schools since Aug. 30, but rejected "because it is evident that these nine applications came too near the beginning of the school term to permit the orderly implementation of an efficient plan for desegregation."

Five applications were at the elementary level, one at junior high and three at high school.

The board promised to announce a desegregation plan before the end of the 1963-64 school year.

Firemen Not Needed, Legal Battle Looms

By NEIL GILBRIDE

WASHINGTON (AP) — The long strike-threatened railroad dispute rolled toward the courts today and a new legal tangle over an arbitration ruling permitting the elimination of thousands of firemen's jobs.

The ruling handed down Tuesday by a special panel, was ordered by Congress to forestall a nationwide strike last August and settle the key issues in the union-railroad struggle over work rules.

Two of the unions announced they will challenge the arbitration decision and its legal basis in the courts.

Thus a new snarl appeared to be added to the four-year dispute, and negotiations on what Congress figured were secondary issues also bogged down. Each side blamed the other for the lack of progress in the talks, which cover such matters as wages.

The arbitration board had two issues to deal with—the firemen's jobs and the size of train crews.

It ruled that the carriers can gradually eliminate as unnecessary 90 per cent of the firemen on diesel freight and yard engines about 9,000 jobs.

The train crew issue was turned back to the parties for further negotiations. The board, however, provided machinery for binding decisions on a local basis, supervised by the National Mediation Board, in situations where agreements can't be reached.

The arbitration award, as Congress wrote the law, would be binding for two years.

But other provisions of the law expire Feb. 25 and could lead to a new strike threat if there is no agreement on other issues such as wages.

Union spokesman H. E. Gilberg said the railroads' proposal to "cut pay 33-1/3 per cent" by changing the wage structure is not a secondary issue to the unions.

Congress left wages and some proposed work rules changes to be settled by negotiations between the unions and the 195 railroads involved in the dispute.

Gilbert told J. E. Wolfe, chief railroad negotiator, he hoped Wolfe would now "get down to negotiations" to eliminate any renewal of a strike threat.

Wolfe replied that if the unions did not cooperate in the negotiations, "we will be back where we were in August with the nation disturbed."

Gilbert, president of the AFL-CIO Brotherhood of Locomotive Firemen and Enginemen, and Wolfe are members of the arbitration board.

Ruby May Go on Trial in Two Weeks

By JERRY PILLARD

DALLAS, Tex. (AP) — Jack Ruby, who shot the accused assassin of President John F. Kennedy as thousands watched on television, may go to trial on a murder charge within two weeks.

County grand jurors indicted Ruby Tuesday in the shooting of Lee Harvey Oswald. Ruby's trial is tentatively set for Dec. 9.

Dist. Atty. Henry Wade said he will ask the death penalty.

Defense lawyer Tom Howard of Dallas said the highly emotional Ruby had settled down somewhat since the shooting in the City Hall basement as police started to move Oswald to the county jail.

"He was much more calm than he was yesterday," Howard said. "He talked in more normal tones but he is still an excitable person when he talks normally."

The lawyer said Ruby mentioned seeing a picture of Mrs. Kennedy with blood on her dress.

"Tears came to his eyes," Howard said. "He showed tremendous concern for the Kennedys."

Ruby, 52, who owns a downtown strip tease establishment and a dance hall in Dallas, told Howard he stopped Sunday at the spot where Kennedy was shot two days earlier. This was shortly before Ruby went on to the city jail where Oswald was killed.

Ruby, known to many Dallas policemen, waited outside the jail with newsmen Sunday. As Oswald was being escorted to an armored car, Ruby lunged from the crowd and fired.

Texas Atty. Gen. Waggoner Carr and a congressional committee have ordered probes of both the Kennedy and Oswald slaying.

Howard said he knew of no connection between Ruby and Oswald. He said that as his client told it, Ruby first saw Oswald Friday night. This was a few hours after the assassination when Oswald was charged first with killing a Dallas police officer and taken before newsmen.

There has been some speculation that Oswald was killed to prevent him from talking more to police. He died without admitting either slaying.

Three large packages of evidence assembled in the Oswald case were turned over to the FBI Tuesday by Dallas police.

Wants Action on Civil Rights, Tax Cut Bills

WASHINGTON (AP) — President Johnson told the nation and the world today that the ideas and ideals of John F. Kennedy "must and will be translated into effective action."

The new President appealed at the same time for "an end to the teaching and preaching of hate and evil and violence."

In a 1,500-word address prepared for a joint session of the Senate and House, Johnson specifically called for early congressional action to set up new civil rights safeguards and enact an \$11-billion tax cut.

"No memorial oration or eulogy, could more eloquently honor President Kennedy's memory than the earliest possible passage of the civil rights bill for which he fought," Johnson said.

And he said, "No act of ours could more fittingly continue the work of President Kennedy than the earliest passage of the tax bill for which he sought."

The new chief executive said: "This is no time for delay—it is a time for action."

Johnson opened his address by saying:

"All I have I would have given gladly not to be standing here today."

Johnson, who called the assassination of President Kennedy "the foulest deed of our time," declared that Kennedy must be commemorated in actions.

"Our most immediate tasks," Johnson said, "are here on this bill," meaning in Congress.

Johnson appealed for United effort by a nation that goes forward "in action, in tolerance and mutual understanding." In one of his most emotional passages Johnson asserted:

"The time has come for Americans of all races and creeds and political beliefs to understand and respect one another. Let us put an end to the teaching and preaching of the hatred and the violence. Let us now turn away from way of the far left and the far right, from the apostles of bitterness and bigotry, from those defiant of law, and those who pour venom into our nation's bloodstream."

Johnson expressed the hope that "the tragedy and torment of these terrible days will bind us together in new fellowship."

"Let us here highly resolve," he said, "that John Fitzgerald Kennedy did not live or die in vain. And on this Thanksgiving eve, as we gather together to ask the Lord's blessing let us unite in those familiar and cherished words: 'America, America, God shed his grace on thee and crown thy good with brotherhood from sea to shining sea.'"

Johnson, the first southern president since Andrew Johnson succeeded the assassinated Abraham Lincoln, left no doubt about his commitment to the cause of civil rights.

"We have talked long enough in this country about equal rights," he said. "We have talked for 100 years or more. Yes, it is time now to write the next chapter—and to write it in the books of law."

Johnson called upon the Congress to enact a civil rights bill that will help "eliminate from this nation every trace of discrimination and oppression based upon race or color."

He said there could be no greater source of strength to the nation both at home and abroad.

Touching upon foreign affairs, Johnson promised the United States "will keep its commitments from South Viet Nam to West Berlin." He added:

"We will be unceasing in the search for peace; resourceful in our pursuit of areas of agreement even with those with whom we differ; and generous and loyal to those who join with us in common cause."

He said "those who test our courage will find

For a number of years it has been a tradition to have a Thanksgiving Day football game. Hope's opponent hasn't always been Nashville. It may have been either Texarkana or Pine Bluff, nevertheless, the game was played on Thanksgiving.

This year, however, school officials have decided tradition is outdated and have re-scheduled the game so that some few persons can go to Arkadelphia and watch the Henderson State Teachers College, Ouachita Baptist College game. And mind you, this is a former traditional game revived. Another argument is that a number of people prefer to view via television the University of Texas, Texas A. and M. game which is also a traditional game.

Is tradition really outdated? Are the officials of the afore mentioned schools so nearsighted that they cannot see that they are wrong in upholding tradition? I think not. I feel that what's good enough for these schools is good enough for Hope. Hope students attending either Henderson or Ouachita number only a handful while the Hope school district is composed of hundreds of students who swear allegiance to the Hope Bobcats. It doesn't appear to me that a few school officials, because of personal reason, should do away with a tradition that has been upheld by hundreds of faithful Hope High School students over many years. It all boils down to a matter of where your heart is. Mine is with the Bobcats on Thanksgiving.

All coin questions will be answered by the experts in attendance at the Saenger Theatre, and there will be no charge for coin appraisals on entrance to the theatre lobby to view the coins on display from 1:30 until 6 — but only those attending the theatre's regular show will be able to view it in the evening hours.

U.S. Secret Service Can Give Orders

WASHINGTON (AP) — The only agency which can give orders to the President—the Secret Service—may make much greater use of this prerogative in the future, an authoritative source reports.

"I expect you'll see the new President under that bubble top a lot more often," he said Sunday night.

By law, the Secret Service has authority to veto a president's plans if deemed unsafe. In practice, however, the Secret Service has usually bowed to the president's wishes and done the best it could.

Now in the wake of President Kennedy's assassination, the Secret Service and other gov-

Auditorium to Be Re-named

SANTA MONICA, Calif. (AP) — The city of Santa Monica, proud of its occasional association with John F. Kennedy, is re-naming its civic auditorium in his honor.

Mayor Rex Minter said Monday that at a name-changing ceremony in about two weeks. The building will be known as the John F. Kennedy Memorial Auditorium.

During his public life, President Kennedy often visited the government officials are making a careful check of precautions in order to learn what additional steps can be taken to protect the President and his family.

There are indications that President Johnson will be an easier man to guard than was Kennedy, and other presidents, especially in willingness to take orders from the professional body guards.

Tribesmen Are Missing in Viet Nam

SAIGON, Viet Nam (AP) — More than 1,000 mountain tribesmen are missing from two of the South Vietnamese government's strategic hamlets following a wave of large-scale Communist attacks, military sources reported today.

Eighty-two government weapons were captured in massive enemy attacks that wiped out the hamlets of Dak Rode and Plei Kobay, 250 miles north of Saigon in mountains near where the South Vietnamese, Cambodian and Laotian frontiers meet.

The coordinated attacks reportedly began a few hours before dawn Sunday. Details were scant, but 550 tribesmen with 57 weapons were missing from Dak Rode and 522 tribesmen with 25 weapons were missing from nearby Plei Kobay.

Snag in Purchase of Site for Park

LITTLE ROCK (AP) — Efforts to acquire a site for a state park at Mammoth Spring have been temporarily delayed by the assassination of President Kennedy.

Gov. Orval E. Faubus was to have met last Friday night with a group in Mammoth Spring to negotiate for a 40-acre tract on the border of the huge spring.

Faubus canceled the engagement after he got word of the

President's death. A spokesman for the state Publicity and Parks Commission said today that the negotiations will probably be rescheduled within 10 days. The govern-

nor must get together with administrators of a Memphis estate which owns the property. Mammoth Spring, one of the world's largest springs, long has been sought as a park property.

Senior Kennedys Return Home

HYANNIS PORT, Mass. (AP) — Former Ambassador Joseph P. Kennedy and his wife today faced a gloomy week, steeped in grief over the pointless slaying of their son, President John F. Kennedy.

Mrs. Kennedy flew back to Cape Cod from Washington Monday night in an Air Force jet after attending the funeral of the late President.

The former ambassador to Great Britain, who suffered a stroke nearly two years ago, remained at his summer home. He was secluded in his own second-floor quarters during the funeral but watched some of the rites and procession to Arlington National Cemetery on television, a family source reported.

The senior Kennedys had been looking forward to a joyous family reunion for Thanksgiving.

Hopes Ruling Will Break Rail Dispute

By NEIL GILBRIDE
Associated Press Staff Writer

WASHINGTON (AP)—Federal arbitrators announced today a ruling Congress hopes will break the long railroad work rules dispute and prevent the renewal of a nationwide strike threat.

The ruling of the seven-man arbitration board under an emergency law passed by Congress last August will be binding on both the railroads and the five operating unions involved.

But if the two sides cannot then get together and settle other issues which Congress left to negotiations, a new strike threat could arise again Feb. 25 when the law expires. That could lead to further congressional action.

The arbitrators' ruling involves the jobs of approximately 50,000 union members, mostly members of the AFL-CIO Brotherhood of Locomotive Firemen and Engineers. The other unions are the AFL-CIO Switchmen's Union of North America and the Brotherhood of Railroad Trainmen and the independent Brotherhood of Locomotive Engineers and the Order of Railway Conductors and Brakemen.

The arbitrators' ruling was scheduled to be filed in U.S. District Court in late afternoon. Two issues before the arbitra-

DOROTHY DIX

SHOULD SHE, OR SHOULD SHE NOT?

By Helen Worden Erskine
Dear Helen: Here is a letter I wrote to a boy but don't know whether to send it or not. Read it and let me know.

"Dear Jay: I am writing to say goodbye. I shall never forget what you said to me the other night at the dance when I knocked you out. I'm sorry if I gave you a black eye but believe me, it was only because I felt so hurt at seeing you dancing with another girl. Never mind, that's all over now and can't be undone. The other girl thinks a lot of you. She's nice too, so take her with my blessing.

"All I ask is that if we meet in town or elsewhere, say at some party dancing with another fellow, act as if you don't know me. It will be better that way, for when you see the nice date I shall be dancing with—my new boy friend—you might feel like giving him a punch or two. Goodbye, with love, Baby."

Dear Baby: Your original knock-down and drag-out approach was crude but your farewell letter is a real come on. If you want your ex-boy friend back, mail it. This oblique, feline, feminine technique, latent in every woman, is a lost art among most of our teen girls today. The fundamentals

Explosion Claims Victim No. 72

INDIANAPOLIS (AP)—The death of a 53-year-old Indianapolis man Monday raised to 72 the toll of an explosion at the Indiana State Fairgrounds Coliseum Oct. 31.

The latest victim was C. J. David Pyles, a tool and die maker and purchasing agent. He was a native of Providence, Ky.

tors are the size of engine crews and the size of train crews.

The railroads contend that the firemen and some other train crewmen are no longer needed on modern diesel yard and freight engines.

The unions argue that eliminating the jobs of firemen and cutting down on the number of other train crewmen would jeopardize safe operation of the trains.

Congress ordered the two sides to negotiate other issues, such as wage structure, employment security and changes in working conditions, but there has been no reported progress.

are in my leaflet, "The Way to a Boy's Heart." A stamped, self-addressed envelope will bring it to you.

Dear Helen: I am a young mother of 23 with two small children, 5 and 3. My husband, having been in and out of the hospital for the past three years is not able to work. Our only means of support is a pittance from the state, but living with my parents, we have no board to pay. I feel the need to supplement our tiny income but never having trained for any one thing am at a loss what to do.

The children have grown used to their grandparents since their home has been ours for the past two years. It's a loss-up as to whether or not my husband will ever be well enough to work again so I must make a life for myself and the children. What would you suggest: employ a young girl to care for my children while I go to work and learn a trade, or stay here look after the children myself and take a home correspondence course? —Undecided

Dear Undecided: Your children are too young to leave in the questionable care of an inexperienced baby sitter, which is what you would get, for experienced baby nurses come high. Until the children are of school age you would do better to look after them yourself and find some sort of work which you can do at home. Make a list of those things that come naturally to most women like cooking, sewing or raising flowers. Perhaps you are a born cake baker, designer of children's clothes or have a green thumb for growing house plants. Choose the field in which you are most proficient and go after the local market. Where there's a will there is a way.

Confidential to Scar-face: Ask your doctor or local hospital to recommend a reliable plastic surgeon.

Memo to Lonely Heart: The best cure for shyness is a course in public speaking. Check with your school counselor. Join the local Little Theatre group. Mix with people.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Connally Spent Restless Night
DALLAS (AP) - Gov. John Connally was described today as having spent a restless night and being in good spirits.

His doctors at Parkland Hospital said his recovery is "proceeding as we would expect it to."

Connally underwent surgery after being wounded in the chest, hand and leg by the assassin that killed President John F. Kennedy last Friday.

In a televised and broadcast address to a joint session of the Senate and House two days after the slain President's burial, the new chief executive will appeal for support from all segments of the nation as he attempts an orderly transition from Kennedy's leadership to his own.

"I think continuity without confusion has got to be our password," Johnson said in explaining his aims to 35 governors Monday.

address to Congress as President. Johnson indicated to congressional leaders he will urge passage of civil rights and tax reduction bills without fixing a time limit.

Johnson was said by those he consulted to be resigned to the fact that Congress is likely to put off any final decision on civil rights until the new year.

Johnson was also expected to offer assurance to the nation's allies that the United States will continue to follow the international course charted by Kennedy.

PSC Schedules Crossett Case

LITTLE ROCK (AP) - A hearing on the proposed reorganization of the Public Utilities Co. of Crossett was scheduled today before the Arkansas Public Service Commission.

No opposition to the proposal had been advanced and the PSC was expected to take the matter under advisement after a routine hearing.

Under the reorganization plan a firm known as the Public Utilities Corp. of Crossett will operate power, gas and telephone utilities and the new Crossett Water Co., will take over water services.

The hearing was originally scheduled for Monday but was postponed because of the funeral of President Kennedy.

with eight foreign visitors of renown, met with Latin-American delegates to an Alliance for Progress conference, and delivered a three-minute television speech pledging continued U.S. support for the alliance.

In separate meetings with Sir Alec Douglas-Home, the British prime minister; Ludwig Erhard, chancellor of West Germany, and Anastas Mikoyan, vice chairman of the Soviet Union's Council of Ministers, Johnson indicated a strong penchant for personal diplomacy.

One White House source said the President emphasized that "he looks forward to personal discussions with leaders of the world about the difficult and urgent problems that face us."

The source said Johnson neither ruled out nor ruled in a meeting of this sort with Soviet Premier Khrushchev.

In his brief tenure, Johnson already has begun planning early 1964 meetings with Home, Erhard and President Charles de Gaulle of France.

House passage Tuesday of a bill to provide emergency financing of federal departments and agencies through next Jan. 31 seemed to signal a move to wind up the congressional session by mid-December.

Assistant Senate Democratic leader Hubert H. Humphrey predicted that Congress will still put several important bills on Johnson's desk before it quits.

Among these he listed a measure to provide federal aid for academic facilities at colleges, extension of the National Defense Education Act and aid to impacted school areas, and authorization legislation for the foreign aid program and Peace Corps.

Bobcats in Final Game Tonight at 8

By CARTER HARDAGE
Hope Star SportsWriter

Tonight the Bobcats wind up their season with the traditional Nashville game in Hammons Stadium.

So far Hope has a 10-1 record and the District crown, and this is the time that they plan to break the jinx. The Scrappers have had a rather poor record this year, but they do have a couple of things in their favor.

Take the jinx for instance. The home team nearly always loses. They have for at least nine out of the last ten years. Pretty good percentage.

Taking a look at the Scrappers, their big man seems to be speedster halfback Mike Bratton, who runs the 100 in 10.0. A tough nut to crack on defense will be linebacker Steve Lovelace, 180.

Although the Scrappers haven't been much for the passing game, they no doubt will have been brushing up on it this week.

Orioles in Deal for Siebern

By GORDON BEARD
Associated Press Sports Writer
BALTIMORE (AP)—The Baltimore Orioles, willing to sacrifice power for consistent hitting and hustle, have swapped moody slugger Jim Gentile to the Kansas City Athletics in exchange for Norm Siebern.

The Orioles had to sweeten the pot with \$25,000 in cash to swing Tuesday's trade of first basemen, indicating how Gentile's market value has slumped along with his batting average and home runs during the past two seasons.

For the Athletics, striving mightily to add power to their attack, it was the second major deal in the past eight days. On Nov. 18, the A's sent second baseman Jerry Lumpe and pitchers Ed Rakow and Dave Wickersham to Detroit in exchange for slugger Rocky Colavito and pitcher Bob Anderson.

In Kansas City, General Manager Pat Friday of the Athletics said, "You can bet we will be trying to make further trades at the winter meeting. We are looking for a center fielder with power."

After a great 1961 season, when he slugged 46 homers, drove in 141 runs and batted .302, Gentile has slipped to .251 and .248 the past two years. His home run output dropped to 33, and then 24.

The 29-year-old left-handed batter led the club in two unofficial departments — breaking his bat deliberately after striking out and failing to run out grounders and fly balls.

Siebern, 30, and also a left-handed batter, hit 16 homers and drove in 83 runs with a .272 averaged last season.

Rose Named Best Nat'l Rookie

By CARL C. CRAFT
Associated Press Staff Writer

FT. KNOX, Ky. (AP)—Take it from Pvt. Pete Rose, there's nothing like being told you've been named National League Rookie of the Year to wipe away the memory of a long day of KP detail.

"Great!" exclaimed the husling Cincinnati second baseman, "I thought I had a chance at it."

"And I don't believe in all that stuff about the sophomore jinx. I'm going to try to bat .300 and be the next Sophomore of the Year," he added.

Rose had gotten up for a KP detail at 3 a.m. Tuesday, the day the award was announced.

Rose, a member of the Ohio National Guard in Army basic training, had 170 hits, including 26 doubles, nine triples and six home runs with the Reds last season. He scored 101 runs, drove in 41 and stole 13 bases.

He entered basic training Oct. 30. He will be at Fort Knox until Jan. 18, 1964, then will go to a special school for a month. He will be through with his active requirement in time to miss only about a week of spring training.

Rose, 21, a Cincinnati native played for Macon in the Class A Sally League a year ago.

He became a hallmark of aggressiveness for the Reds this season—appearing in 157 games and batting .273. Defensively, he compiled a fielding mark of .971, which helped impress the panel of 20 sports writers which Tuesday gave him 17 votes.

He topped Ron Hunt, New York Mets' second baseman, who had two votes, and Ray Culp, Philadelphia Phillies' pitcher, who received the other vote.

Army, Navy Delays Game One Week

By MIKE RATHET
Associated Press Sports Writer

Army and Navy will meet in their traditional football battle—but a week later than scheduled—and will bring down the curtain on a 10-day period beginning Thanksgiving that figures to find bowl offers frantically flung around the country.

The decision on the Army-Navy game came Tuesday from the Pentagon and overshadowed two other major developments—the naming of Navy's Roger Staubach as the Heisman Trophy winner and Louisiana State University's acceptance of a Bluebonnet Bowl bid.

The Army-Navy game will be pushed back to Dec. 7—Pearl Harbor Day—in deference to the memory of the late President Kennedy.

The Pentagon said the Kennedy family intervened so that the annual service classic would not be canceled.

The official statement said the game will be dedicated to his memory.

The announcement further scrambled a puzzling major college bowl picture currently filled in at only three spots—top-ranked Texas in the Cotton Bowl seventh-ranked Nebraska in the Orange Bowl and LSU in the Bluebonnet Bowl.

The Thanksgiving Day program and this Saturday's schedule, including many key games that were postponed from last week due to the assassination of President Kennedy, were expected to wrap up most of the holes.

But the Army-Navy postponement complicated the situation.

The second-ranked Middles and Staubach, now dubbed the best player in the country by the Heisman voters, were expected to tangle with Texas in the Cotton Bowl providing they beat Army for the fifth consecutive year.

However, their possible participation in a post-season game may have vanished when the postponement appeared. It is believed the sentiment in the Pentagon for cancellation of the game, plus the lengthening of the regular schedule by a week may rule out a bowl trip for Navy.

It also may rule out a top match-up in the Cotton Bowl Promoters said Tuesday they will wait until after the Dec. 7 schedule, presumably to get Navy's decision. Their second choice is Pitt, which also plays that Saturday, against Penn State.

Pitt, however, does not have to wait until its final game to make a decision—and might be agreeable to an offer from another major bowl. If Pitt goes elsewhere, then Navy declines, the Cotton Bowl will be lacking a top-flight opponent for the unbeaten and untied Longhorns.

Meanwhile, Illinois and Michigan State prepared for their Big Ten clash, a Thanksgiving Day battle that will fill one of the Rose Bowl spots. Other bowl candidates also will be in action Thursday, as well as Saturday.

The winner of the Big Ten battle between the fourth-ranked Spartans and eighth-ranked Illinois at East Lansing, Mich., gets a Rose berth against a Big Six opponent which will come out of two Saturday games, Washington at Washington State and Southern California at UCLA. Washington has the inside track.

Also headlining the Thursday program is the meeting between Texas and arch rival Texas A&M plus games involving bowl hopefuls Syracuse and North

Henderson goes after a piece of the Arkansas Intercollegiate Conference football crown Thanksgiving Day in a renewal of the rivalry with Ouachita College.

It's at Arkadelphia, of course. Arkansas A&M, posting the best record in the school's history, already has at least a tie for the title clinched.

The Henderson-Ouachita game is the kind you like to see, but not predict.

HENDERSON 20, Ouachita 14. The Reddies have a rugged ground attack, a good defense, and had better be primed.

Several interesting high school games are on the holiday lineup, too, headed by the annual Little Rock Central-Little Rock Hall battle.

HALL 16, Central 14. The Warriors have their usual bag of tricks, and the Tigers haven't been able to generate much offense this season.

EL DORADO 20, Camden 13. Too much of everything, except desire.

NORTH LITTLE ROCK 13, Little Rock Catholic 8. The Wildcats may be in for a surprise, though.

NEWPORT 13, Batesville 7. Something to think about next spring.

CONWAY 19, Morrilton 14. Pendergraft.

HOPE 14, Nashville 13. Inspired losers.

Lions Get Crack at Green Bay

DETROIT (AP)—The Green Bay Packers are quitting the traditional series of Thanksgiving Day games at Detroit—but the Detroit Lions have one more chance Thursday to spoil a holiday for Packers fans.

The Lions banished Green Bay's holiday cheer last Thanksgiving by dumping the National Football League's Western Division leaders, 26-14. The Packers still finished first, but the Lions won in embarrassing style, continually throwing quarterback Bart Starr for losses.

Detroit is in a better position to ruin the Packers this season, since a loss would all but knock Green Bay out of the title running.

The Packers, with a 9-2 record, are on the heels of the division-leading Chicago Bears, who have a 9-1-1 mark. They need three victories and a Chicago loss to win the division title.

Claiming that the Thanksgiving Day game at Detroit doesn't give him enough time to get his men ready, Green Bay Coach

Carolina. The Orange, who meet Notre Dame in New York, could wind up in the Gator Bowl against the Tar Heels, who are at Duke.

The Saturday schedule will fill the West Coast Rose Bowl entry and two Orange and Sugar bowl spots. Auburn could grab an Orange berth with a victory over Alabama, another bowl hopeful, while Mississippi likely will be Sugar Bowl host with a victory over Mississippi State.

A Mississippi State victory, on the other hand, probably would bring the Bulldogs the berth.

Heisman's Trophy to Staubach

By HERB THOMPSON
ANNAPOLIS, Md. (AP)—Roger Staubach, Navy's exciting quarterback and 1963 Heisman Trophy winner, is a football perfectionist who works as hard keeping his skills sharp as he did in acquiring them.

Almost any afternoon after practice, he can be seen on the field working individually on some phase of his game.

He may be taking handoffs under center, sharpening his passing with two or three receivers who stayed to run a few more patterns, or sprinting to build up wind for those loping, easy runs that are so deceptive and have demolished many enemy defenses this fall.

His favorite pastime during summer leave is passing a football with friends.

"You'd think he was a kid trying to make the team instead of being one of the best football players in the country," an observer said one day recently a Jolly Roger sailed through a few extra wind sprints after practice.

The Heisman Trophy board took him out of the class of "one of the best" Tuesday, it voted the long-legged Cincinnati, Ohio, junior the outstanding college football player in the country.

In leading Navy to No. 2 national ranking and an 8-1 season which will be climaxed in a postponed game with Army Dec. 7, he has rolled up 1,738 yards passing and running, passed for seven touchdowns and run for eight.

Staubach was chosen by a wide margin—517 first place votes to 65—over Georgia Tech's versatile senior quarterback Billy Lothridge, who placed second.

His only third junior to win the 29-year-old trophy. The others were Felix (Doc) Blanchard at Army in 1945 and Doak Walker at Southern Methodist in 1948. Neither repeated in his senior year.

The 21-year-old midshipman is scheduled to receive the award from the sponsoring Downtown Athletic Club in New York Dec. 4, the same week he leads the bowl-minded Middles against an Army team he made a shambles of as a sophomore last year.

Staubach, whose precision passes, Houdini escapes from tacklers and scrambling runs have made him one of the most exciting players in college football, reacted with typical modesty to announcement of the award.

"The Heisman Trophy is something you hear about in high school and suddenly it happens to you," he said. "I can hardly believe it... it's something I'll treasure all my life."

"I owe it to everyone," he said, citing coaches from grade school through Wayne Hardin and also the Navy teammates who have thrown so many blocks for him and gotten up to throw them again as he scrambled to set up a pass or take off on an unbelievable run.

He is immensely popular with his teammates, many of whom have asked him to autograph pictures to send to friends, and with the brigade of midshipmen who cheer every honor that comes his way.

Off the field he is known as a quiet, deeply religious midshipman who attends Catholic mass and communion at 6 a.m. daily and is an average student.

Staubach is Hardin's second Heisman winner in three years. Halfback Joe Bellino, who won it in 1960, was the first Navy player ever to gain the honor.

TV Brings Tragedy to the Nation

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—During the quiet time after Sunday's moving and incredible events, television networks sometimes aimed their cameras on the coffin of John F. Kennedy in the Capitol rotunda and showed the stream of people silently and reverently walking past the bier.

By the miracle of television, all Americans could pay their final respects in the same place. This was as it should be. Because of television the public knew, or felt it knew, President Kennedy better than any chief executive before him.

He had been a television visitor in most of our homes on an almost daily basis for more than three years. His death, therefore, was more than the tragic loss of the president or of a vital, needed young man. It was the loss of someone we felt we knew very well, almost as a member of a family.

We had seen him making

formal speeches. We remember his grave warning of the Cuban crisis. But perhaps most of us got to know him best during those informal moments before the cameras—seated in a rocking chair talking informally and off the cuff from his White House office, being interviewed on the lawn of his Hyannis Port home, squinting against the sun and his hair ruffled by a sea wind, wittily parrying reporters questions in a light moment at a news conference.

During these last few days of national nightmare with shock piled on shock, television brought us more sights and sounds few of us will ever forget.

There was the face of self-controlled Jacqueline Kennedy bending to her children during services in the Capitol. There was Caroline putting out a small white gloved hand to touch the coffin during a brief moment with her mother beside the bier. There was that appalling moment when Lee Harvey Oswald was shot down in Dallas police headquarters as, through television, the eyes of the nation were on him and his killer.

The performance of the three networks has been splendid. They covered the mournful events in Washington and the terrible events in Dallas with great crews of men and equipment. Amid all the confusion—even pandemonium at one point Sunday in Dallas—they kept a sense of balance and order.

For the most part, the coverage was done with dignity and good taste.

Regular programming will be resumed Tuesday and most of us will be glad to start picking up the threads of normal life again.

But television's fine performance during these critical days is something that they can be proud of and for which we can be grateful.
